New Beginnings

By the time you settle into your seat for the 6666 NRHA Derby presented by Markel, you will notice a few things have changed. The familiar glassed-in entrance across from what we knew as the front of the building is missing — don't worry, the ticket booths are on the north side of the building — and the parking lot to the east ... well, it isn't a parking lot anymore.

We've tried to do all we can to ensure that even with the construction, you will have a wonderful experience. These changes are the beginnings of real excitement for when the new OKC Fairgrounds facility will open about two years from now. I expect our first use of the brand-new coliseum that will become the home of the NRHA Futurity will be the 2025 edition.

NRHA is proud to have the 4-year-old Derby return this year. We have had more modest versions thanks to support and innovation from NRHA Corporate Partner Tamarack Ranch in the Open and NRHA Corporate Partner Colston Paving in the Non Pro, but this year begins a transition to a much stronger event for 4-year-olds. With \$100,000 from NRHA on top of our generous sponsor funding, 4-year-olds can compete against their peers for serious money. Going forward, a considerable investment from the

NRHA nomination money will be added, too.

With the addition of 7-year-olds to the traditional Derby lineup, and the advent of events such as The Run For A Million and The American Performance Horseman, the incentives to keep a top reining horse ready and rolling have never been so compelling. These "monsters," as I call our best horses, compete at top events all throughout our industry. Their physical maturity, talent and seasoning make for incredibly exciting performances.

The facility in OKC may be in transition, but the horses have come to play with as much or more capability than ever. We hope you enjoy every stop, spin, circle and rollback on the way to crowning a new champion.

Happy trails!

Welcome to the Modern Frontier

Oklahoma City is once again excited to welcome the 6666 NRHA Derby presented by Markel. With OKC being the home of NRHA, the Visit Oklahoma City team has the privilege of working with its staff and board members year-round, and we look forward to hosting you again this year.

You can always find the latest visitor information at visitokc.com. This website has a plethora of resources, including things to do, maps of our district neighborhoods, restaurant ideas and more.

Our city has opened many new attractions and activities since you've last visited. We hope you'll make time during your stay to explore something new.

While you're in town, check out Prix de West, which features paintings and sculptures by the finest contemporary Western artists working today, at the National Cowboy & Western Heritage Museum. Head to Bricktown for a water taxi ride on the canal or grab a ticket to

watch America's favorite game at the Chickasaw Bricktown Ballpark. There's not a shortage of things to do while you're in OKC.

We are proud to continue to be the "Horse Show Capital of the World," which is due in large part to strong and meaningful partnerships like the one we have with NRHA. We're also continuing to invest in the fairgrounds to enhance your experience for generations to come.

We wish all participants the best of luck in this year's event! We're glad you're here and hope you enjoy your time in Oklahoma City.

Welcome NRHA Derby contestants and guests!

Welcome to Oklahoma City, the horse show capital of the world, and thank you for your dedication to this incredible industry. We are proud to have you here and truly value what the reining horse business means to our state and nation.

The Sooner State has a rich heritage of Western culture and horse sportsmanship, and we are proud to host this event and your families this week. In addition to tough competition, top-notch horse event facilities, and hospitality that is second-to-none, I hope you will find Oklahoma is also home to countless other exciting attractions and

accommodations. I encourage you to make the most of your time here and see what all our state has to offer.

I am encouraged and excited to see the continued investment in our agriculture and livestock industries by organizations like yours, and I am always impressed by the work ethic and dedication shown by NRHA competitors. I know many hours of hard work will pay off and dreams will come true in Oklahoma City this week.

Again, welcome, and thank you for spending your week with us in Oklahoma.

In the Know

Make sure you're prepared for these updates at the 6666 NRHA Derby presented by Markel.

Article compiled by *NRHA Staff*

Update to Reviewable Penalty Process

The NRHA board of directors recently approved a Judges Committee proposal, which goes into effect at the NRHA Derby. The change will allow judges to adjust their maneuver score during the review of a reviewable penalty, if it is determined the maneuver score does not accurately reflect the maneuver quality.

For example, when reviewing a 2-point freeze penalty, the judge may decide the penalty did not occur, so it is removed. With that correction, the maneuver score may or may not reflect an accurate evaluation; therefore, it can now be changed to allow for a more correct overall score.

When the announcer says a score is being held for review, a penalty will be evaluated by the judges and the new process will be utilized. This type of situation rarely occurs, but the update to the review process will be an important tool for judges to accurately record a maneuver evaluation.

The language addressing this in the *NRHA Handbook* will now read: "Upon the review of a major penalty, if the major penalty is deemed to not have occurred, the judge has the ability to add **or remove** the appropriate penalty **and adjust the maneuver score accordingly**."

What are the updates to the NRHA Animal Welfare and Medications Policy?

The updated policy assesses increased penalties, including fines, suspension, disqualification and publication of offender names in ReinerSuite. The medications report form will also require additional signatures. Other major updates include:

- Romifidine will be permitted to be administered in accordance with the NRHA Animal Welfare and Medications Policy. This must be declared on a properly submitted complete medications report form.
- Non-steroidal anti-inflammatory drug (NSAID) "stacking" — combining more than one — is no longer permitted.

For events held in Europe, please refer to the full policy with exceptions, including the romifidine allowance.

Who is considered the responsible party?

The rider is considered the person responsible and to whom the penalties will be assessed. As the rider, it is your responsibility to know which medications the horse you show has received, both topically and internally.

What happens if I have been randomly selected for testing?

A testing technician will greet you upon exiting the arena and will introduce themselves as part of the NRHA testing team. They will walk with you back to your stall and stay with you while you untack your horse. They will ask you questions regarding the horse and will ask you to review the sample collection card to verify the information is correct. If they are not already there, the veterinarian will then come and collect two plasma samples. Once sample A and sample B are sealed, the testing team will ask you to sign off that you have reviewed the process from start to finish. At this point, the collection process is complete.

What is the probationary period?

Probation begins with the first violation and ends according to the type of violation. If the member commits another violation in that timeframe, they will receive a stronger penalty.

Who should I contact about the administration of a medication prior to competition?

You should always consult with your local veterinarian, and refer to the policy and *NRHA Handbook* to ensure compliance.

To read the updated medications policy in its entirety, visit nrha.com/welfare.

All NRHA competitors are responsible for reading the entire NRHA Handbook and complete updated NRHA Animal Welfare Policy prior to showing in an NRHA-approved event.

A woman wearing a dark cowboy hat and a striped shirt is shown in profile, kissing a brown horse on the cheek. The horse is wearing a bridle. In the foreground, the side of a white horse trailer is visible, featuring the Hart Trailers logo (a red heart with 'HART TRAILERS' inside) and the number '4x4'. The background is a soft-focus outdoor setting with warm, golden light.

First of its kind. Still one of a kind.

After 30 years, Adequan® i.m. [polysulfated glycosaminoglycan] is still the only FDA-Approved equine intramuscular PSGAG joint treatment available. And still the only one proven to:^{1,2}

Reduce inflammation
Restore synovial joint lubrication
Repair joint cartilage
Reverse the disease process

Adequan® i.m. actually treats degenerative joint disease, and not just the signs.
